

## **CUL Academy Trust General Scheme of Delegation Policy**

### **DELEGATION - GENERAL**

Under the Articles of Association of CUL Academy, the governors may delegate to any governor, committee, the Principal or any other holder of an executive office such of their powers or functions as they consider desirable to be exercised by them. Any such delegation may be made subject to any conditions the governors may impose and may be revoked or altered.

Where any power or function of the governors has been exercised by any committee, that person or committee shall report to the governors in respect of any action taken or decision made with respect to the exercise of that power or function at the meeting of the governors immediately following the taking of the action or the making of the decision.

The governors may establish any committee to exercise powers and functions of the governors. The constitution, membership and proceedings of any committee of the governors shall be determined by the governors. The establishment, terms of reference, constitution and membership of any committee of the governors shall be reviewed at least once in every twelve months. The membership of any committee of the governors may include persons who are not governors, provided that a majority of members of any such committee shall be governors. The governors may determine that some or all of the members of a committee who are not governors shall be entitled to vote in any proceedings of the committee. No vote on any matter shall be taken at a meeting of a committee of the governors unless the majority of members of the committee present are governors.

The governing body is responsible for ensuring that high standards of corporate governance are maintained. It should exercise its powers and functions with a view to fulfilling a largely strategic leadership role in the running of the academy, addressing such matters as:

- policy development and strategic planning, including target-setting to keep up momentum on school improvement;
- ensuring sound management and administration of the academy, and ensuring that managers are equipped with relevant skills and guidance;
- ensuring compliance with legal requirements;
- establishing and maintaining a transparent system of prudent and effective internal controls.
- management of the academy's financial, human and other resources
- monitoring performance and the achievement of objectives, and ensuring that plans for improvement are acted upon;

- helping the academy be responsive to the needs of parents and the community and making it more accountable through consultation and reporting;
- setting the academy's standards of conduct and values;
- assessing and managing risk (including preparation of a statement on the academy's risk management for its annual report and accounts).

## **SCHEME of DELEGATION**

The governing body should agree a formal schedule of matters reserved for their decision, i.e. those which should not be delegated within the academy. These are listed below. Beyond this, the governing body should consider establishing separate committees to deal with specific areas of academy business, and should determine the delegated responsibilities to be assigned to those committees, to ensure that matters can be dealt with in appropriate detail and with sufficient frequency. However, as a minimum, it is a requirement that all academies establish a finance committee separate from the governing body to deal with financial matters.

Where the governing body decides to delegate certain matters for consideration by committees, each committee should be chaired by a governor. The membership of the committee may include persons who are not governors provided that a majority of the members are governors. All members of the committee, including those not Governors, are entitled to vote at committee meetings. The governing body should ensure that it receives adequate feedback on the work of those committees and is able to consider their decisions formally. The establishment of committees does not absolve the governing body of its overall responsibility to manage the finances of the academy.

## **PRINCIPAL**

The governors shall appoint the Principal who will act as an ex-officio governor. By signing this document the governors delegate such powers and functions as they consider are required by the Principal for the internal organisation, management and control of the Academy (including the implementation of all policies approved of by the governors) and for the direction of the teaching and curriculum at the Academy.

## **GOVERNORS' MEETINGS**

It is a requirement of all academy governing bodies that they meet at least once a term. No business can be conducted at any meeting unless a quorum is present.

Governors must appoint a clerk to the governing body, who must be someone other than a governor or the Principal of the academy.

Each meeting of the governing body should consider:

- a report of the financial position of the academy, including its income and expenditure and financial commitments;

- whether adequate financial monitoring of the academy's budget and activities is being undertaken;
- progress on any action identified to improve financial arrangements at the academy;
- significant contracts proposed to be entered into by the academy;
- details of any significant matters affecting the academy's staff;
- details of any significant matters affecting the pupils' welfare or education;
- details of any significant matters affecting the academy's assets e.g. computers, cars, whiteboards etc;

Matters that should be considered by Governor's at least once a year are:

- the academy's goals and how they are being met;
- review of the management structure to ensure it is operating effectively;
- review of the performance of external providers e.g. bankers, services provided under SLAs;
- review and approval of the academy's annual accounts and report of the trustees;
- review and approval of the financial budget for the following year;
- review and approval of the levels of insurance cover for the academy's assets;
- findings made by the auditors and the auditor's management letter, and any other financial reviews, and consideration of what actions should be taken arising from their recommendations;
- review of the risks to which the academy is exposed and determination of whether systems are in place to mitigate those risks.

The board may decide to delegate responsibility for specified matters, where it has power to do so, to individual members or committees of the board. Decisions taken by individual members or committees of the board under delegated powers should be recorded in written minutes available to the board as a whole.

The appointment of this Responsible Officer (RO) must be notified to the DfE.
